	\$2,046,878 45

The sum of \$1,130,041.29 was paid on account of bounties.

At the close of the fiscal year, the balance at the credit of the depositors in the Post Office and Government Savings Banks amounted to \$62,158,449.90, an increase of \$1,387,320.65 over the balance held on June 30, 1903. The withdrawals exceeded the deposits by \$405,478.80, but \$1,792,799.45 was added for interest accrued making a total increase of \$1,387,320.65.

The demand for \$1 and \$2 Dominion notes still continues, as will be seen from the following table, showing their circulation at the end of September and October for each year from 1897 :—

Investments on account of the sinking funds of the various loans were made during the year to the amount of \$2,315,066.41, and \$11,038,779.08 held in sinking funds of matured loans was redeemed. The total amount held as sinking fund on June 30 was \$44,770,875.65.

SESSIONAL PAPER No. 2

The net debt of the Dominion at the close of the fiscal year was \$260,867,718.60, being a reduction from the previous year of \$739,270.27, the details of which are as follows:—

Allowance to provinces of Ontario and Quebec under 47 Vic., chap. 4, erroneously deducted last year.	\$5,397,503 13
Capital expenditure on Railways, Canals and Public Works.....	5,832,953 20

	<hr/>
	17,381,485 20
	<hr/>
Decrease.....	\$ 739,270 27

The average rate of interest paid on the gross debt for the year was \$3.08 as compared with \$3.02 in the previous year, and the net rate of interest fell from \$2.47 to \$2.46.

While the net debt shows a decrease of \$739,270.27 on June 30 last, yet in the operations of the year 1903–4 the actual reduction amounted to \$6,136,773.40. The difference is the sum as above stated of \$5,397,503.13 allowed to the provinces of Ontario and Quebec by 47 Victoria, chapter 4, erroneously deducted in 1903. Taking the two years 1902–3 and 1903–4 together the reduction of the debt amounted to \$10,961,371.02.

Since the last Public Accounts were submitted to Parliament, beyond correspondence and negotiations, no result has been attained in respect of settlement of the three points of difference between the Government of the Dominion and the Governments of the Provinces of Ontario and Quebec referred to in my last year's report.

The question involved in the claim under Treaty Number Three is now awaiting hearing by the Exchequer Court. With regard to the question of the right of the Dominion to pay a reduced rate of interest to Ontario and Quebec on trust funds held by the Dominion on their behalf, or to pay off the principal of the funds, the Dominion, acting on the contention that it has the right to do either, proposes to pay to the Provinces on the 1st January next interest at 4 per cent. This action will doubtless

tend to bring about an early settlement. On the question involved in the matter of the payment on account of the Yule Bridge it is understood that steps are being taken by the Province of Quebec which will bring this matter to a conclusion. It is hoped that the various points in dispute will be settled within the coming year.

The statement of the number of officers now serving and subject to the Civil Service Superannuation Act has been continued to 30th June last. The number has fallen from 2,396 in 1903 to 2,176 in 1904.

No interest has been received during the year on account of the following investments :—

Albert Railway Company.

Three Rivers Harbour Commission.

Quebec Harbour Commission.

Fredericton & St. Marys Bridge Company.

Montreal Turnpike Trust.

In the course of the progress of the Dominion the amount of business of the Department of Finance has developed in a corresponding proportion. The actual turn over in cash of the daily transactions of the Department during the fiscal year 1904 amounted to \$294,109,254 as against \$266,393,103 in 1903, or an increase of \$27,716,151. When compared with \$85,086,954, representing the turn over of 1879, the figures are impressive. With the increase in the circulation of Dominion notes, of both large and small denominations, and in the gold reserve held, the Department in one respect is gradually assuming towards the chartered banks the position of the Bank of England towards the banks in Great Britain, that of custodian of the reserve of gold. The amount of such reserve held by the Department since December, 1903, has increased by twenty-five per cent. On December 31, 1903, the amount held was \$28,204,884, and on December 31, 1904, \$35,306,822.

The deposits by the people in the chartered banks, according to the statement of a general manager at a recent annual meeting of shareholders, are increasing at the rate of a million dollars a week, and the statement is borne out by an examination of the bank returns. Such being the case a steady increase in the holding of gold must be looked for.

A recent and interesting development in the work has been in connection with exchanges. In the last six years the amount of money orders issued by the Post Office Department and payable in other countries has trebled. In 1904 these orders amounted to nearly eight millions of dollars. The increase arises chiefly from small remittances made by immigrants to friends and relatives. This business is growing at a rapid rate, and the necessity of providing foreign funds in payment has made itself appreciably felt, and entails the keeping track of exchanges. These, with other features of the increase in the business of the Department, require able and efficient assistance. In the reorganization of the staff that is being effected there has been a noticeable improvement in the junior branches of the Department. Looking to the future, I am of opinion

SESSIONAL PAPER No. 2

that in order to attract and retain the services of good men for the effective performance of the higher class of work liberality should be shown in the emoluments offered. Especially as able men are in demand throughout the Dominion, and the openings for such are becoming more numerous every day.

In my report of last year and also in that of the previous year, I made reference to my desire to retire. I have continued in office entirely at your request, but I feel that steps should be taken at once to nominate a successor, to whom I shall be glad at all times to render any assistance, or give any information in my power.

I beg to make public acknowledgment of the assistance I have received from the staff of the Department.

I have the honour to be,

Sir,

Your obedient servant,

J. M. COURTNEY,

Deputy Minister of Finance.
